

## QME Northern Cape Introduction

QME Northern Cape is a localized company based in Kathu in the Northern Cape. We are a 51% Black Owned Company being the authorized distributor and official representative for David Brown, Melco and Joest products. QME is a dynamic and flexible company to offer a superior service to our customers.

QME proudly supply OEM products/parts and embrace a back to back guarantee from David Brown, Melco and Joest with professional RND and engineering to our capability. Continued RND ensure that the products remain up to date and the best technology is provided while reliability and reduced cost of ownership is ensured. QME can offer and supply all David Brown, Melco and Joest spare parts, service and support for most applications in the industry. We can offer a complete range of specialized equipment to suit our customers' requirements.

QME can offer specialized support by various product/process/industry specialist within the group to assist with customer applications. Local conditions are considered when proposing a specific design and where feasible local content is used to support shorter lead times and grow our local economy. Special application, such as design to suit a particular installation or existing footprint and special application can be provided.

We trust you find our offer of interest. Should you have any queries, kindly contact the undersigned who will be pleased to assist.

Kind regards,

PC de Bruin
